

MULTI MEDIA PLAYER

UNITED SIGNS
DIGITAL DISPLAYS

THE NEW CHOICE FOR FIXED INSTALLATIONS IN THE INTELLIGENT CLOUD ERA

Taurus Series Multimedia Player is widely used in advertising, digital signage, and other commercial applications. Taurus is also effectively used in Smart Cities for pole screens, scientific community displays, colored public transportation displays, and more.

SAFE AND STABLE FOR WORRY-FREE OPERATION

- Designed with safety in mind to keep troubles far away
- Automatically connects to optimal signal, no longer a need to worry about signal loss
- Comprehensive record of daily logs with full status monitoring
- Real-time watchdog monitoring with automatic error correction
- Receiving card cascading and redundant backup for multiple levels of protection

Smarter. Brighter. Greener.

The perfect controller for:

Hospitality | Schools | Sports Stadiums |
Entertainment Venues | Retail |
Manufacturing

- Designed with safety in mind to keep troubles far away
- Automatically connects to optimal signal, no longer a need to worry about signal loss
- Comprehensive record of daily logs with full status monitoring
- Real-time watchdog monitoring with automatic error correction
- Receiving card cascading and redundant backup for multiple levels of protection

SYNCHRONIZED AND ASYNCHRONOUS MODES, TO MEET THE NEEDS OF A VARIETY OF APPLICATIONS

Synchronized playback, with instant display to screen. Asynchronous playback, with remote publishing. Free switching between the two modes at any time

SYNCHRONIZED PLAYBACK

ASYNCHRONIZED PLAYBACK

FLEXIBLE AND UNRESTRICTED PLAYBACK

- Cloud playback
- Wireless playback
- U-disk playback

CONTROL A LARGE DISPLAY WITH THE SAME EASE AS YOU CONTROL YOUR SMARTPHONE

- No need for a PC - Effective control with just an APP
- Pair with VNNOX cloud publishing for remote control of your display
- Drastically lower cloud maintenance cost. More displays doesn't mean greater cost
