## Smarter. Brighter. Greener.

At United Signs, we proudly lead the way in digital signage across the United States. With a team of seasoned professionals, we specialize in top-tier, customizable LED signage for dynamic advertising solutions. For over a decade, we've empowered businesses, schools, churches, and more - effectively communicating their messages and creating a lasting impact.

Our mission :

Delivering leading-edge digital signage with Integrity, Trust, and Respect, fostering lasting relationships and cultivating a culture of admiration and respect for all.

## Interior LED Digital Displays

Experience the wonder of our finest indoor LED displays, which are uniquely crafted to captivate your audience like never before. Our LED displays are more than simply screens; they're storytellers, communicators, and audience pleasers all in one. Whether you want to engage customers, patrons, or attendees, our feature-rich indoor displays are your ultimate wingman, ready to amaze and stun at all times.

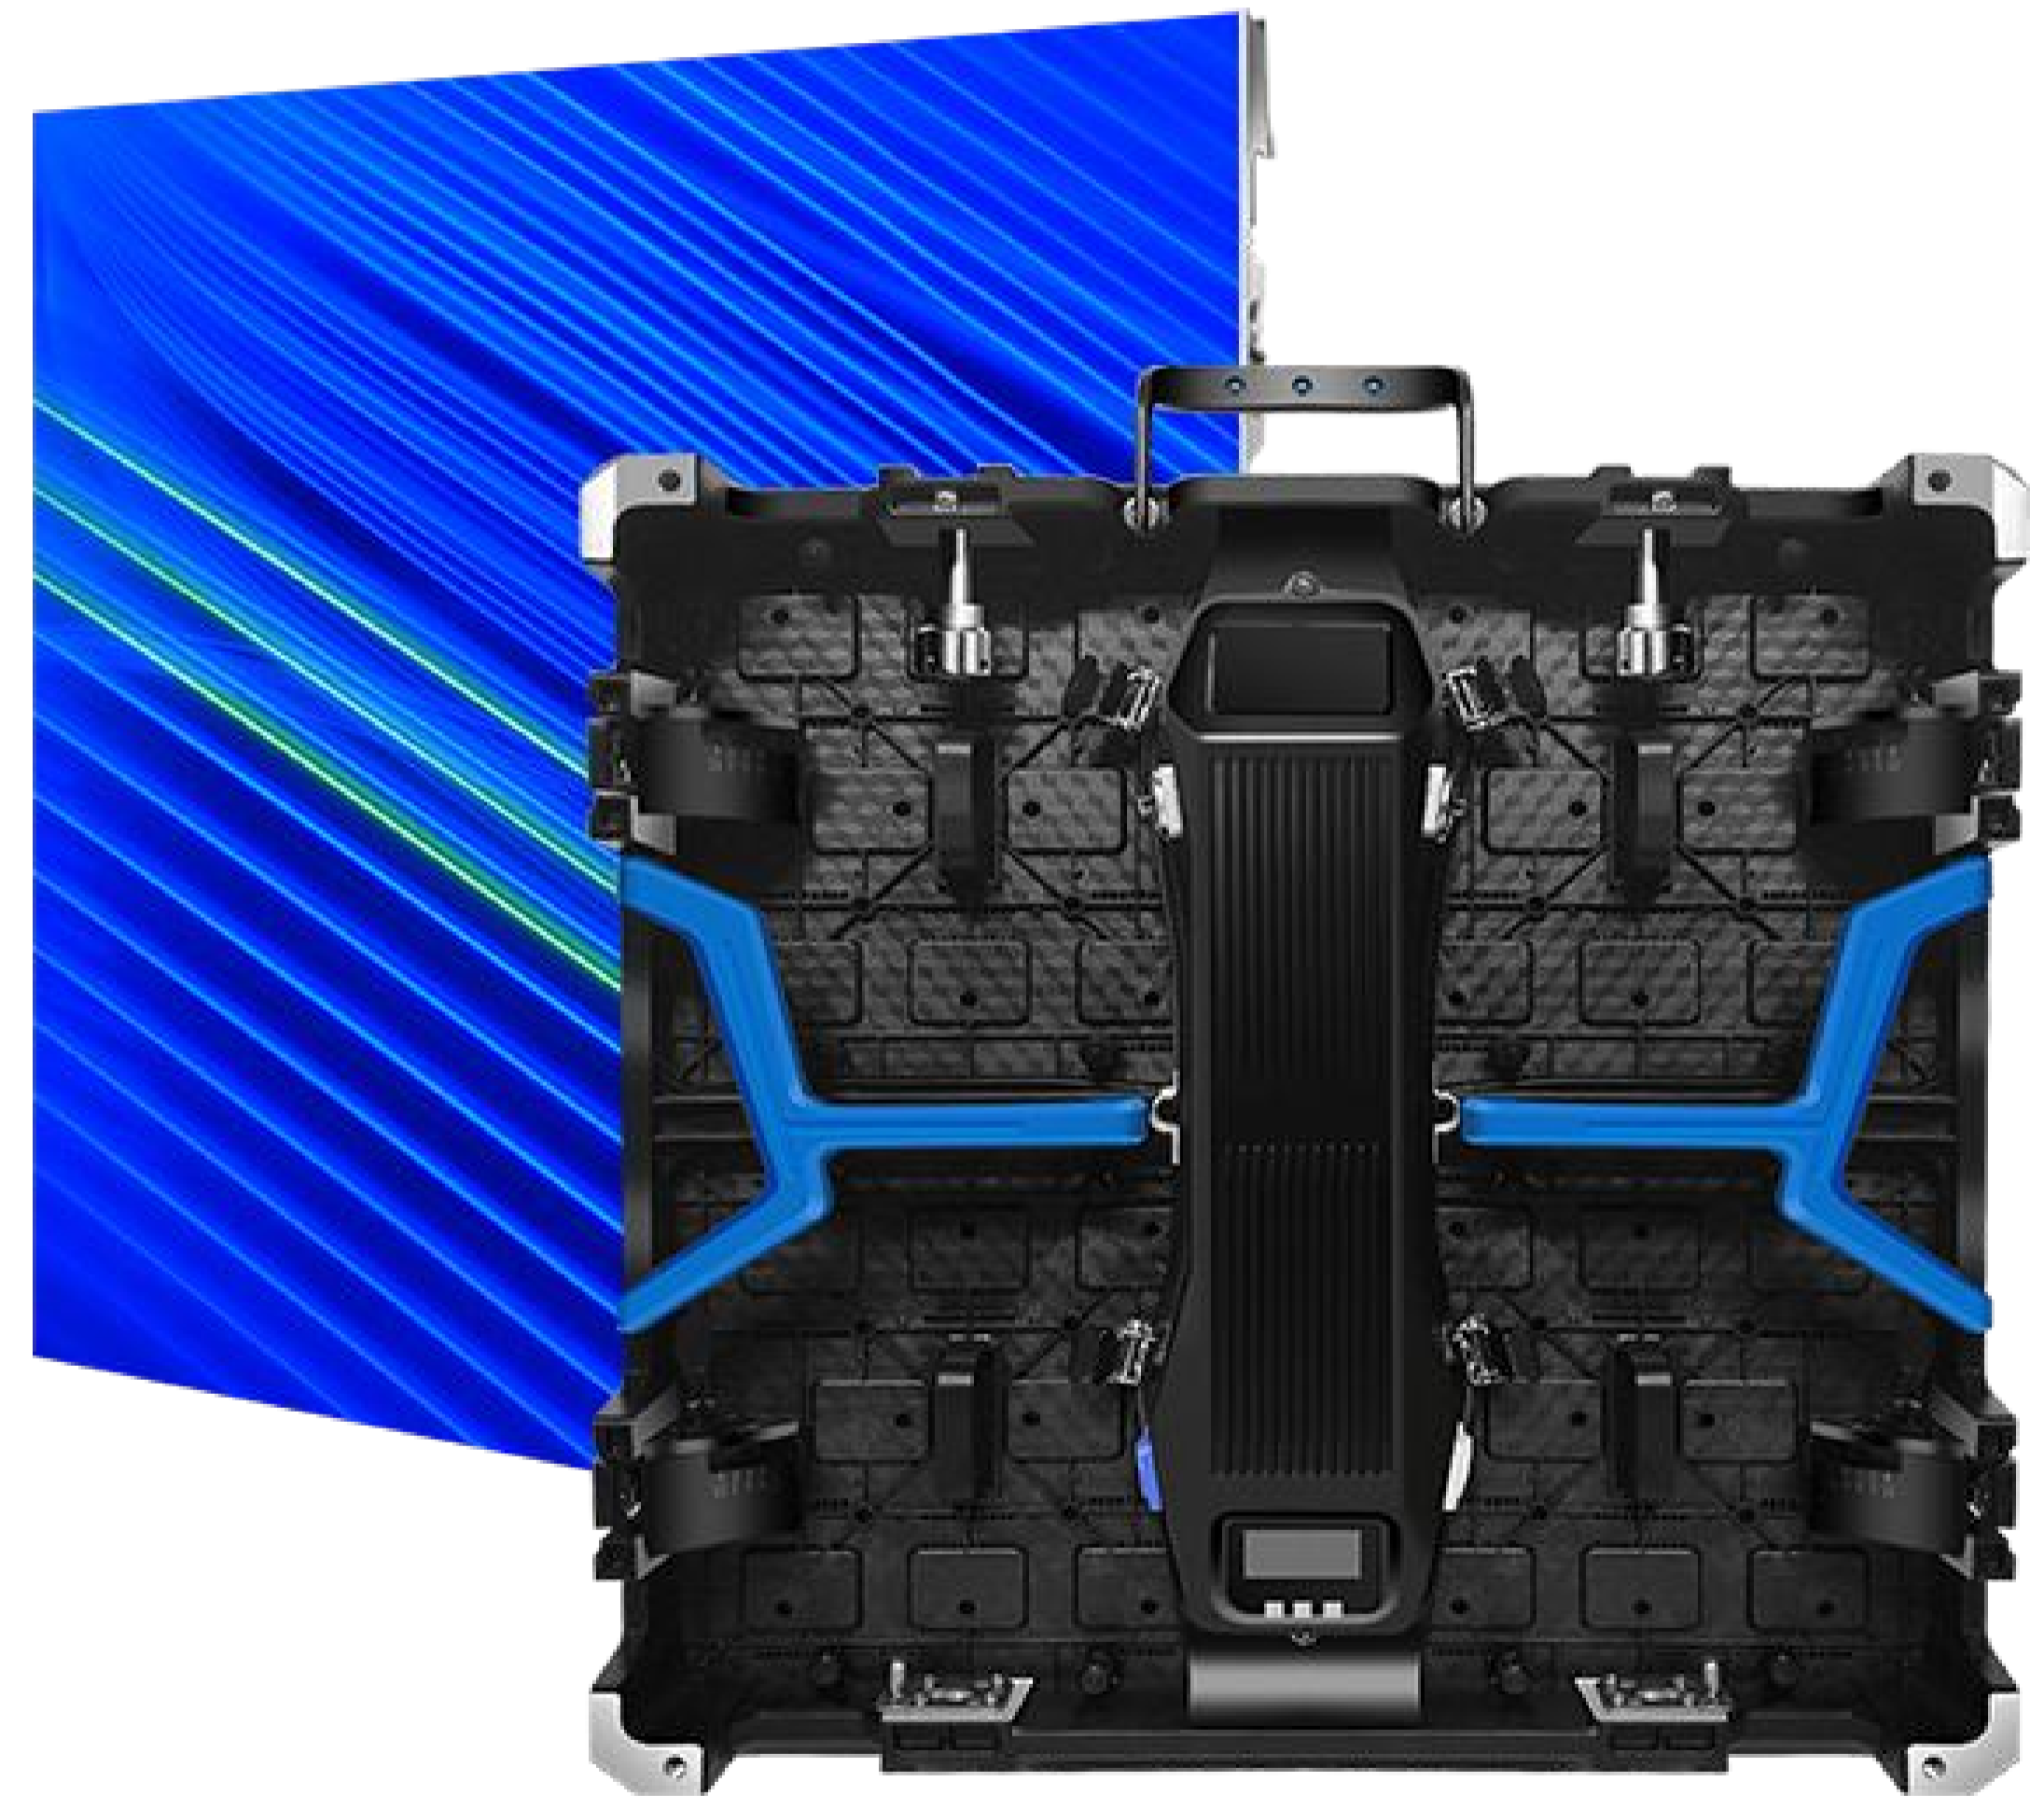

Our displays are sturdy, adaptable, and inventive, ensuring that your message shines through with astounding clarity and astonishing impact! Elevate your indoor spaces, turn heads, and make a lasting impression with our industry-leading LED displays. It's time to shine bright and steal the show!

Enter the bright world of the Infinity Series LED Digital Display, where brilliance meets dependability in a dance of light. With plenty of communication options, a 5-year warranty, and round-the-clock support, your journey will be as seamless as it is beautiful. Enjoy 10,000+ nits of brightness, smooth content production, and lifetime software and support, all in one easy-to-assemble package. With the Infinity Series, you can embrace infinite possibilities, from stunning displays to boundless inspiration.

Meet the legend of all; the Legend LED Display where dependability and performance collide to create a stunning show of brightness. It's up to you to customize your configuration with adaptable installation choices like wall, stack, or flying mounting. With an anti-bump design, seamless assembly, and adjustable module positioning, you are guaranteed peace of mind.

Elevating the experience are a 5-year manufacturer components warranty, and round-the-clock technical assistance from the US. Enjoy the benefits of lifetime software support and cloud access as you create amazing content with 10,000+ nits of brightness and smooth creativity.

With dynamic graphics and vivid colors, an LED worship wall can easily transform your place of worship and elevate spiritual meetings. Its longevity and energy efficiency guarantee long-term sustainability and affordability. This revolutionary innovation encourages greater participation and updates worship rooms by enhancing worship experiences with multimedia presentations of scriptures, songs, and tranquil landscapes. An LED video display in your church can have a dramatic effect on attendees' spiritual journeys.

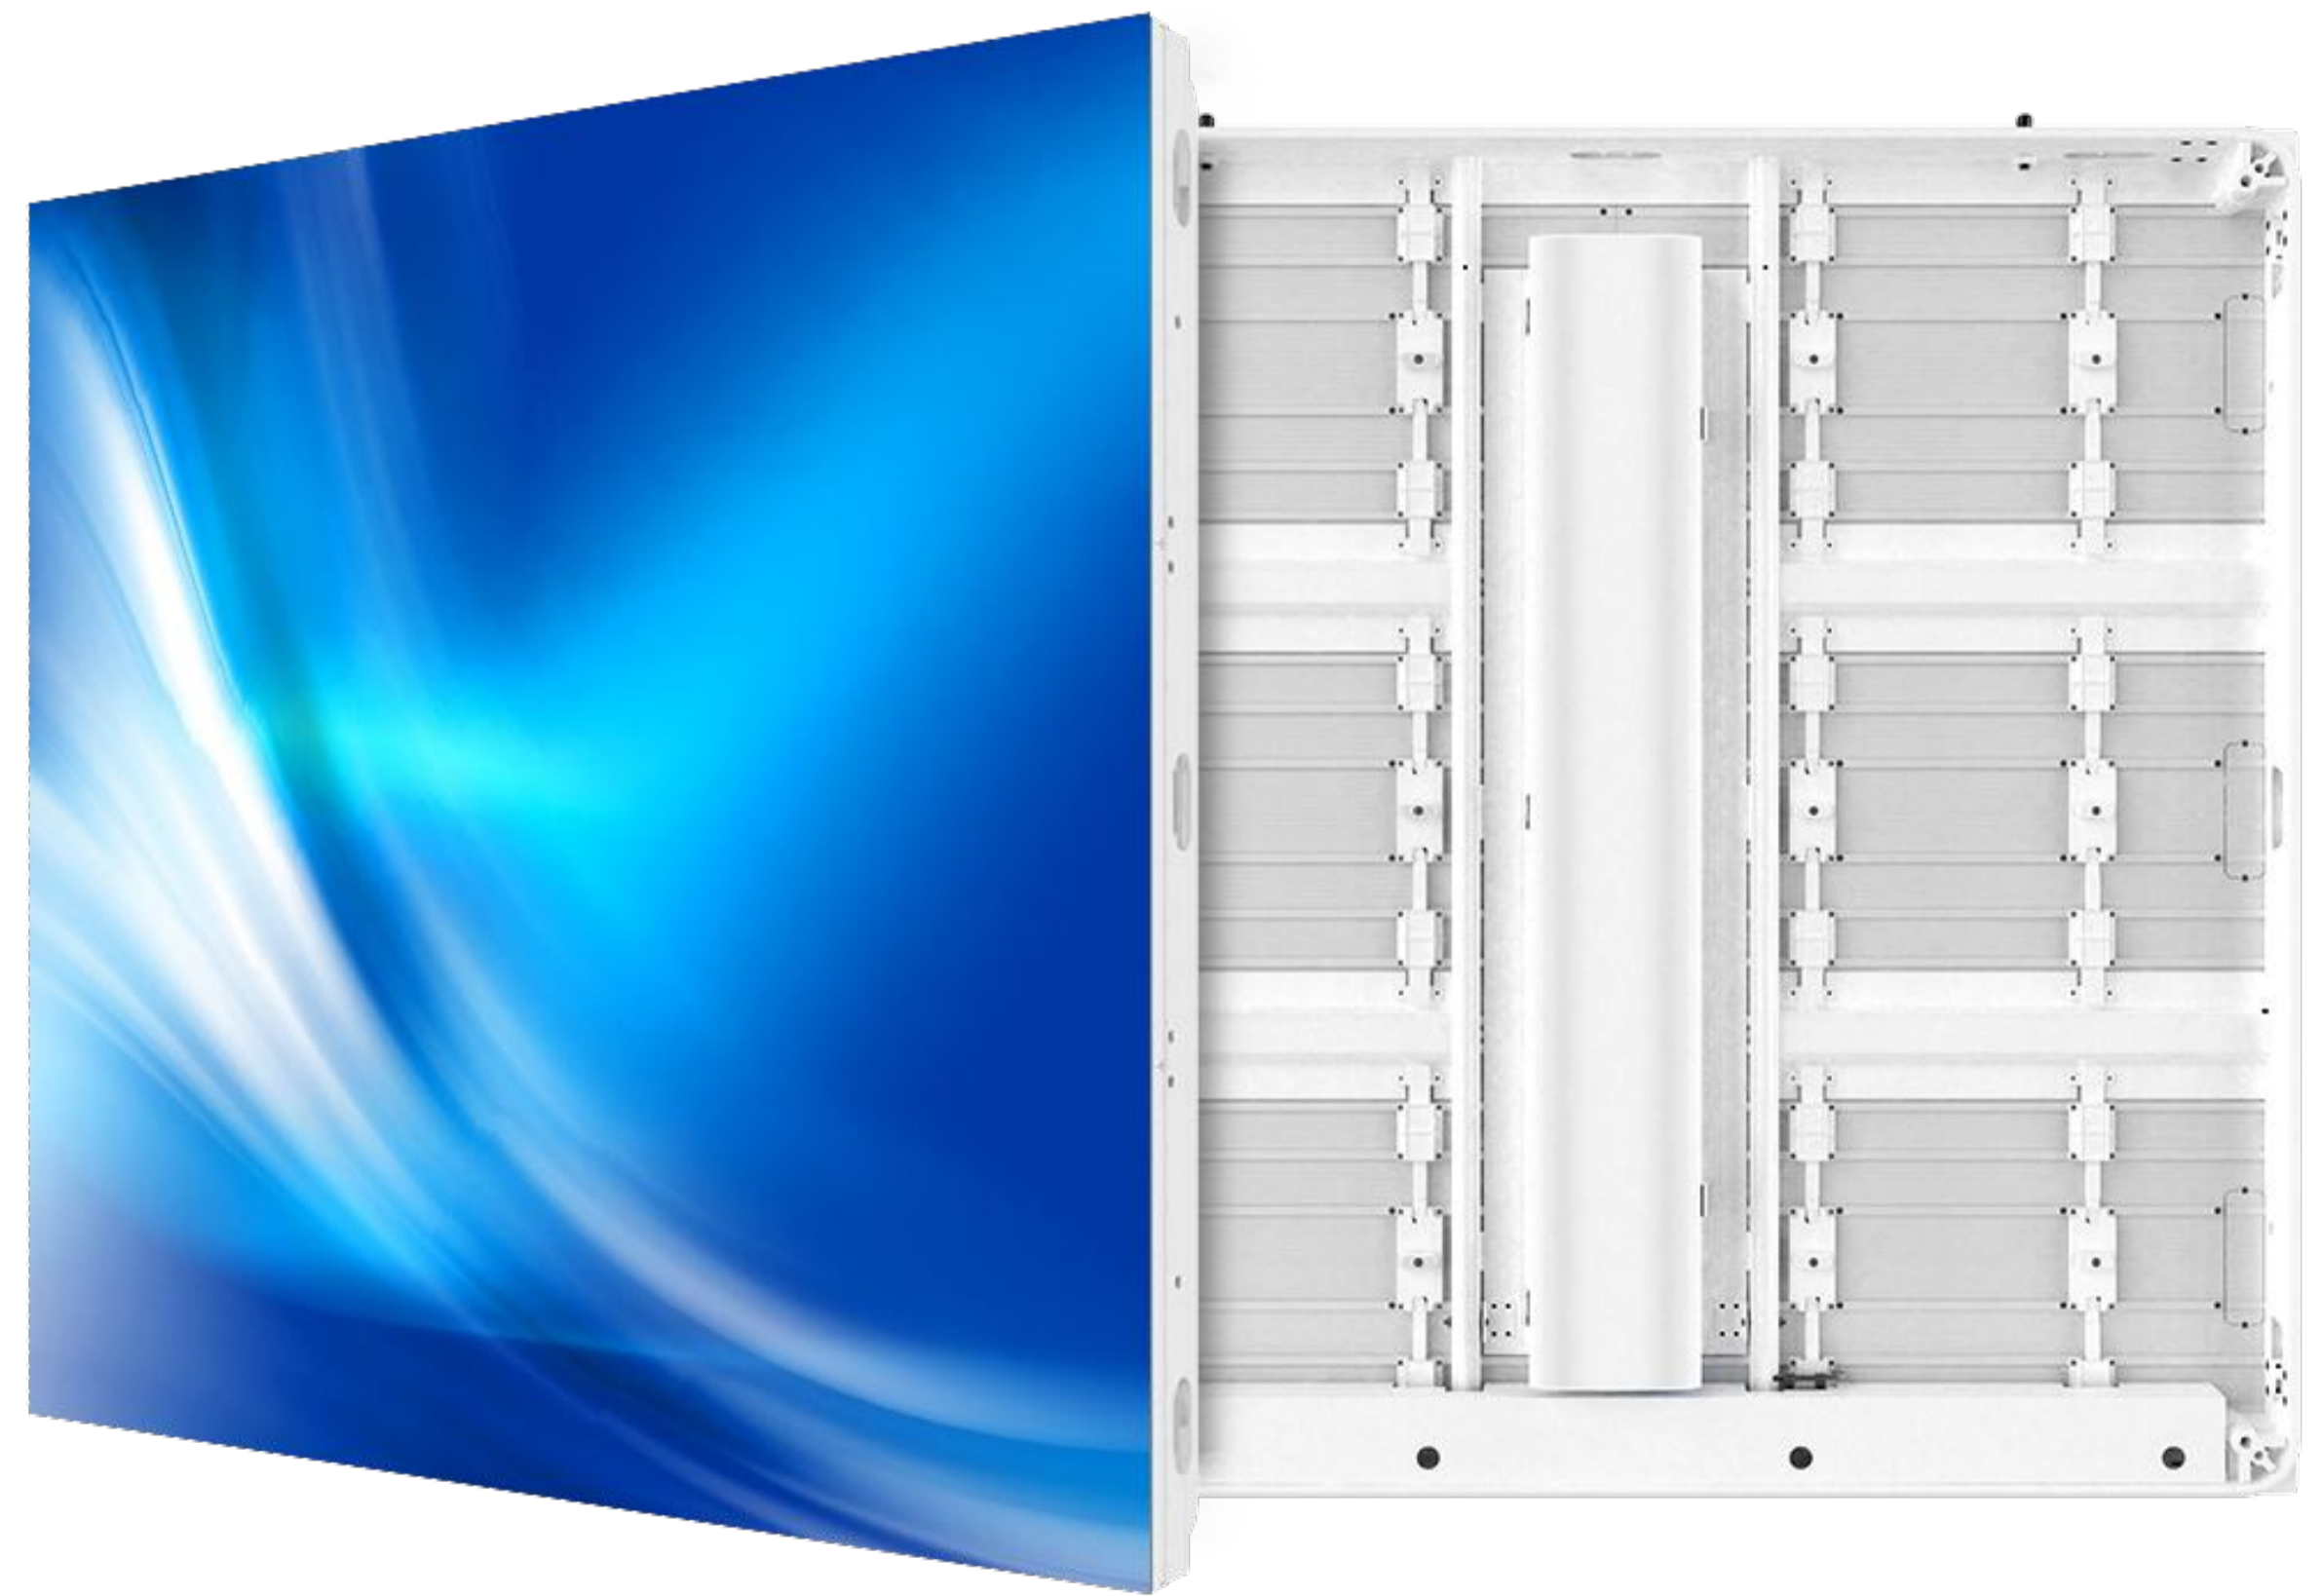

## Exterior LED Digital Displays

Take advantage of the impactful, colorful visuals presented by our full-color outdoor LED displays. Our displays are made to capture the attention of your audience, with thousands of vibrant colors and clear text at your fingertips. To get the finest possible brightness, color, and efficiency in every pixel, we carefully choose only the best diodes. With the help of our outdoor LED displays, illuminate your message and leave a lasting impact.

Your Complete LED Solution! The Platinum Series can accomplish everything: it can be used to create immersive experiences in the hotel industry, improve learning environments in schools, ignite enthusiasm in sports stadiums, captivate audiences in entertainment venues, drive sales in retail, or optimize manufacturing operations. With state-of-the-art technology and customized features, it represents the epitome of LED innovation in every sector.

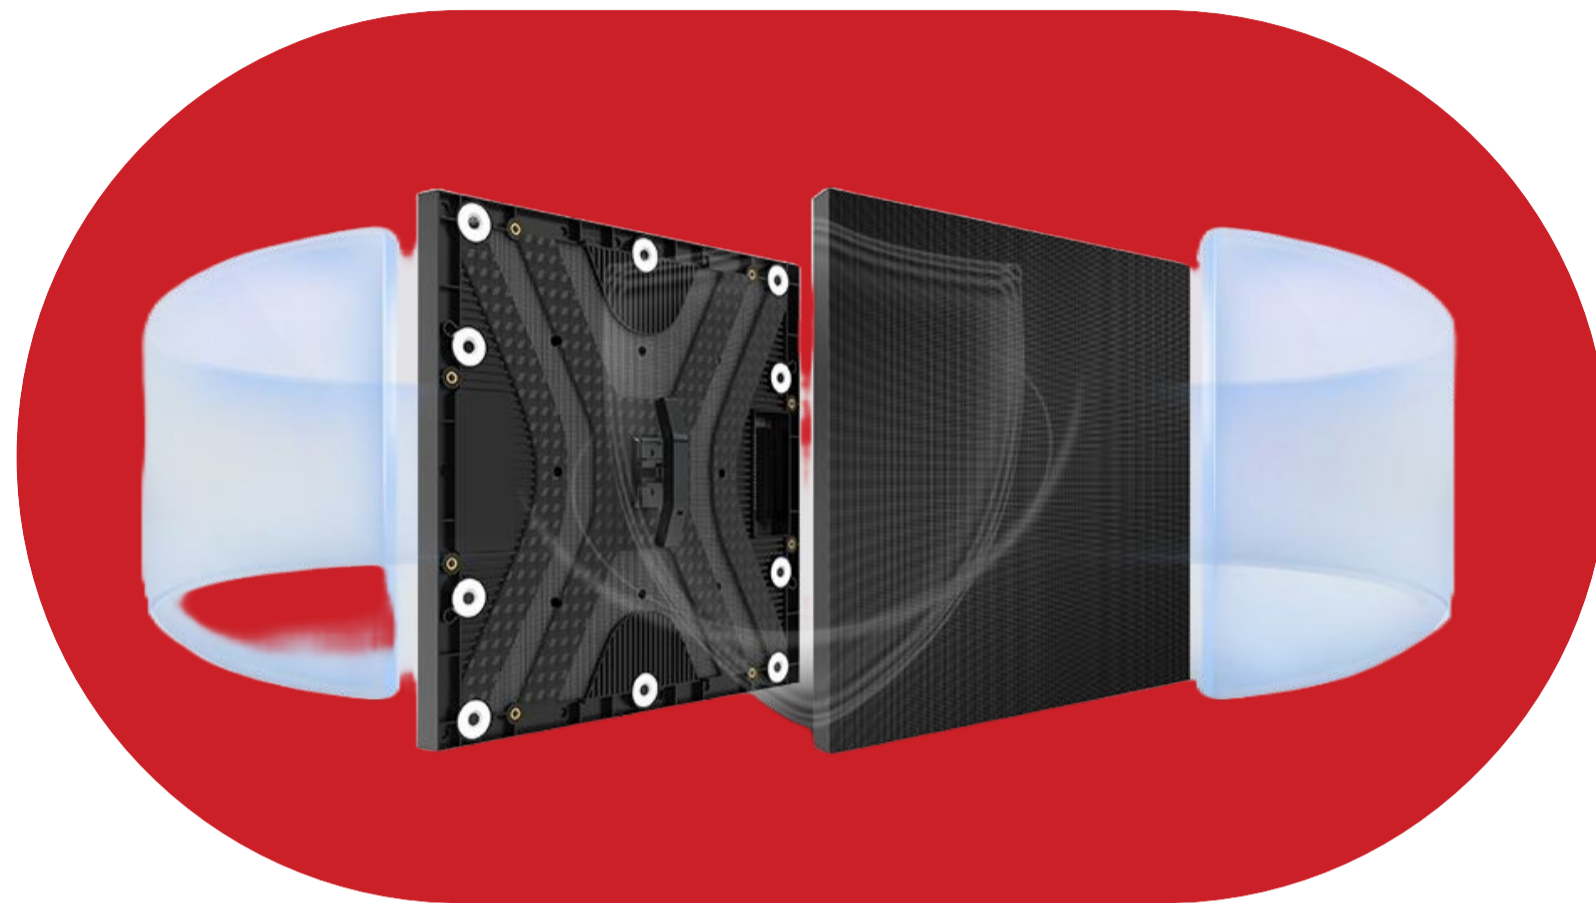

Experience life to the fullest with our Platinum Pro Series, where performance and innovation merge to create an iconic success story. It guarantees dependability and longevity in any setting thanks to its enclosed modules and superior protection, while its standardized design and robust compatibility ensure seamless integration. What's more, setup and maintenance are a snap due to the omnidirectional installation and maintenance architecture.

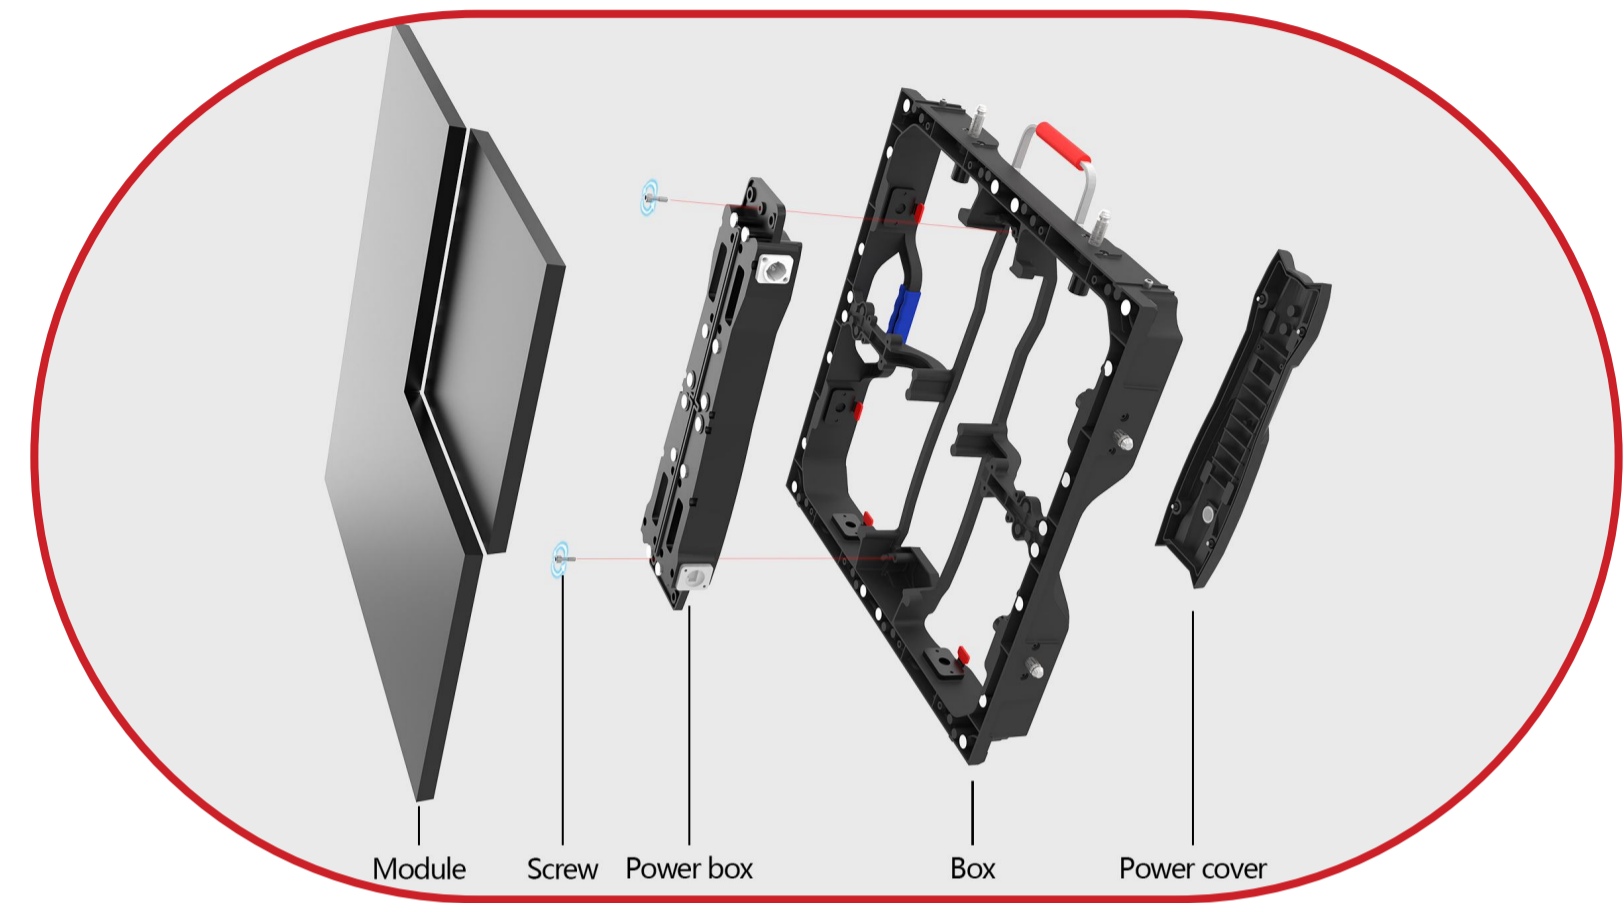

The Platinum Pro Plus is the best LED option for billboards, hotels, sports stadiums, entertainment centers, retail stores, and manufacturing. Discover an amazing world of brightness with it. Modern features like high-level safety, self-cooling technology, and completely enclosed modules make it function flawlessly in any environment. LED excellence is set by the Platinum Pro Plus, which does everything from enthralling audiences to optimizing operations. Invest in the Platinum Pro Plus today to upgrade your area and brighten your eyesight!
